SUMMARY

Hi — I'm Pouya, a 22-year-old Front-End Developer with 2 years of experience and hands-on full-stack exposure. I build clean, responsive UIs (Next.js, TypeScript, MUI) and enjoy solving product problems that involve API integration and backend logic. I collaborate closely with designers (Figma) and focus on shipping practical, user-centered solutions. Open to collaboration and new challenges.

EXPERIENCE

Booking Hotel — Multi-Organization Booking Platform

itolts

02/2024 - 05/2024 Karaj, Iran

(https://refahinew.com/)

- Built a corporate multi-organization hotel booking platform enabling Iranian organizations to share and allocate budgets for official missions.
- Integrated API Gateway to unify GraphQL and REST endpoints; implemented client caching and pagination to improve performance.
- Developed a responsive UI with Next.js, MUI, Tailwind, and shadcn; enforced role-based access for booking and finance workflows.
- Backend implemented with Node.js/Express and MySQL, including endpoints for budgeting, bookings, and audit logs.
- Deployed frontend on Vercel with CI/CD pipeline.

Admin Dashboard — Next.js & Node.js

sirang

2024 - 06/2024 Tehran, Iran

- Developed an admin dashboard with Next.js (TypeScript) for internal management and reporting.
- Implemented UI with TailwindCSS and shadcn for a clean, consistent design system.
- Created CRUD functionality, reporting features, and user management flows.
- Integrated backend using Node.js/Express with MySQL database for secure data handling.

Itols.ir — Online Tool Platform

itols

2023 - 06/2024 Karaj, Iran

https://itols.ir/

- Built a responsive web interface with React.js and Material-UI.
- Integrated GraphQL API for managing queries and mutations efficiently.
- Optimized client-side state management and reduced redundant API requests.
- Focused on responsive design and accessibility for a wide user base.

KEY ACHIEVEMENTS

Mastering New Technologies

Learned and implemented Next.js, Material UI, Tailwind CSS, and ShadCN, integrating them into various projects for modern and efficient UI design.

Advanced Animation & 3D Development

Developed interactive and visually engaging UI elements using GSAP for animations and Three.js for 3D graphics

Effective Team Collaboration

Worked closely with designers, backend developers, and stakeholders to build and enhance web applications, ensuring smooth communication and teamwork.

Full-Stack System Development

Developed full-stack dashboard using Next.js and integrated MySQL backend.

SKILLS

Next.js · React.js · Node.js · Express.js · RESTful APIs · Tailwindcss · shadcn · MUI

EDUCATION

Bachelor Computer Engineering

Islamic Azad University

01/2022
